

Certification

Products of the Company Meusburger Georg GmbH & Co KG are Free from Radioactivity

This certificate hereby declares the company Meusburger Georg GmbH & Co KG, that the following measures were undertaken to ensure that the steel delivered from us is not contaminated with radioactivity.

All our steel suppliers have delivered a written declaration that various conditions have been met to exclude the radioactive contamination of steel.

Excerpt of the conditions:

- Control of scraps upon receiving goods
- Spot tests during manufacturing process
- Control of the fused material

Based upon the above, we confirm that the steel delivered from the Meusburger Georg GmbH & Co KG is not radioactively contaminated.

Mag. (FH) Guntram Meusburger
Executive Director
