

### PRODUCT DESCRIPTION

High-performance wax for longer term preservation and for the protection of metal surfaces, e.g. during wire EDM or coaxial flushing/submerged cutting, and as corrosion protection during overseas transportation.

### ADVANTAGES

- » Especially suitable for wire EDM
- » Compatible with lubricants
- » Highly water-repellent
- » Silicone-free

### APPLICATION

Clean and degrease spraying point thoroughly (VCM 20). Shake can well before use. Apply evenly and thinly. A thicker layer increases the corrosion protection.
